# ST. PETERSBURG COLLEGE

## Overview

Founded in 1927, SPC is Florida's first two-year college and the first to offer bachelor's degrees. SPC offers more than 100 degree and certificate programs, including many high-demand, high-skill industry-recognized workforce certifications. The college's career-focused curriculum is created with input from industry experts to give students the skills they need to meet the needs of today's employers. SPC's Guided Pathways Program gives students a clear roadmap to success to ensure they are taking the right courses - in the right sequence - to meet their goals. The college's mission is to "promote student success and enrich our communities through education, career development, and self-discovery." At the core of that mission is SPC's College Experience, a data-driven, five-pronged approach to increase student success through tutoring and out-of-classroom support; integrated career and academic advising; an early alert system to provide struggling students with additional resources; a robust learning plan; and a "Smart Start" orientation to connect students with college resources and provide them with the knowledge they need to be successful in college.

## Degrees and Programs

St. Petersburg College offers the following academic programs:

- About two dozen **bachelor's degrees** that meet local workforce demands in high-needs areas.
- An **Associate in Arts** degree that emphasizes a liberal arts education and prepares students for a bachelor's degree at SPC or to transfer to a four-year college or university.
- Career and technical education programs (**Associate in Science and Certificates**) that lead to well-paying jobs in Pinellas County or furthering one's career.

*SPC is accredited by the Southern Association of Colleges and Schools Commission on Colleges which means credits transfer to reputable institutions.*

## Community Partnerships

- Our **partnerships with Pinellas County Schools** help high school students prepare for college and earn high school and college credit for college-level work.
- Our alliance with more than a dozen colleges and universities through the **University Partnership Center** offers bachelors and graduate degrees to local residents.
- **Joint-use libraries** on the St. Petersburg/Gibbs, Seminole, and Clearwater campuses highlight unique partnerships between SPC and the cities of St. Petersburg, Seminole, and Clearwater.
- The **SPC Downtown Cultural Arts Center** houses The American Stage Theater and shared box office for The Florida Orchestra and Palladium Theater.

## Faculty Excellence

SPC's outstanding, diverse faculty and staff provide a climate for student success and an enduring commitment to excellence through:

- Advanced technologies
- Innovative teaching techniques
- International education opportunities
- Online learning
- Out-of-classroom support
- Hands-on educational opportunities

## Equal Access/Equal Opportunity

The Board of Trustees of St. Petersburg College affirms its equal opportunity policy in accordance with the provisions of the Florida Educational Equity Act and all other relevant state and federal laws, rules and regulations. The college will not discriminate on the basis of race, color, ethnicity, religion, sex, age, national origin, marital status, pregnancy, sexual orientation, gender identity, genetic information, or against any

qualified individual with disabilities in its employment practices or in the admission and treatment of students. Recognizing that sexual harassment constitutes discrimination on the basis of sex and violates this Rule, the college will not tolerate such conduct. Visit [www.spcollege.edu/eao](http://www.spcollege.edu/eao) for more information.

### *ACCREDITATION*

- In October 2017, the college received a visit from The Southern Association of Colleges and Schools Commission (SACSCOC) to reaffirm our accreditation. During the visit at SPC, the SACSCOC team visited five campuses, met with students, faculty, and staff, and held 30+ interviews with various groups across the college to learn more about the college’s programs, policies, and processes. The visit ended on a high note with congratulations for our commitment to students.
- In July 2018, we received official notification that SPC’s accreditation has been reaffirmed for the next ten years. **Notably, both the institutional accreditation and Quality Enhancement Plan, the action plan for College improvement, were approved without exceptions or additional action.** This is a huge success!

### *SPC FOUNDATION & FUNDRAISING*

- Revenues for the St. Petersburg College Foundation exceeded \$2.5 million this year, including \$1.2 million from contributions and an estate gift of \$250,000. At the close of the fiscal year on June 30, **assets stood at over \$73 million, which is an \$8 million (12.3%) increase over the previous year.**

### *GRANTS*

- SPC pursued a wide range of grant opportunities in 2017-18 that expanded the diversity of the college’s funding portfolio. This year, **SPC was awarded \$9.5 million for 19 different grants.** This includes awards from the National Science Foundation for the Louis Stokes Alliance for Minority Participation, Bridges to Baccalaureate grant to expand minority student access to four-year STEM degrees; the coveted Florida Job Growth Fund Workforce Training grant to develop a new advanced manufacturing training in the area of mechatronics; and the Community Foundation of Tampa Bay Health and Human Services to improve mental services across the college.

A team of 45 employees took part in conference calls twice a day before and after the storm to ensure that decisions made were in the best interest of students and employees. Regular updates were provided by the College's Marketing and Public Information Department. Following the storm, the College offered free counseling and referral services to students and staff reeling from the impact.

\*There were several types of course categories within the credit and non-credit system; prior to 1990-91, the headcount number for non-credit students represented an unduplicated count within each of the various non-credit course categories. Beginning 1990-91, the unduplicated headcount number represents an unduplicated count between all non-credit course categories. However, the potential of duplication between credit and non-credit, i.e., a student who takes both credit and non-credit courses are counted twice.

■Beginning Fall 2002, the total includes upper division students.
